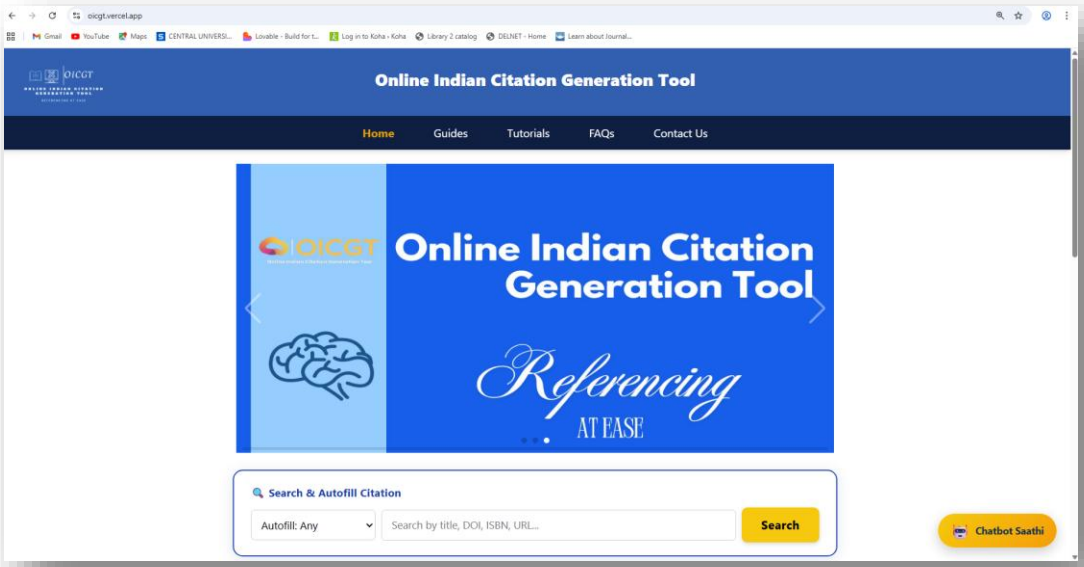
How to Use Online Indian Citation Generation Tool (OICGT) Guide

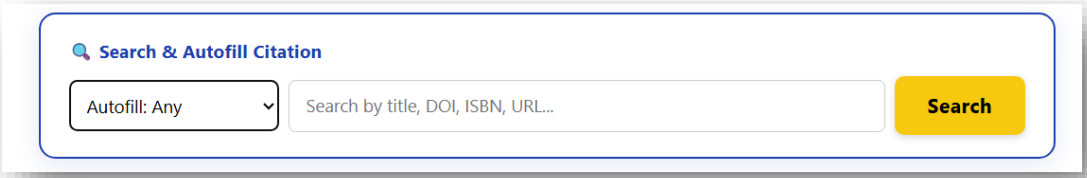
1. Citing an Information Source Automatically through OICGT

Step 1: Login to https://oicgt.vercel.app

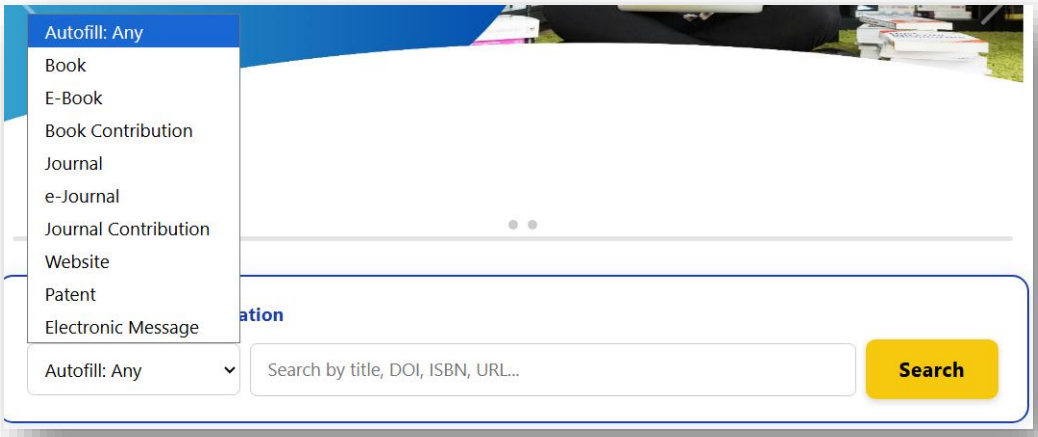
Step 2: You will be directed to the below website:



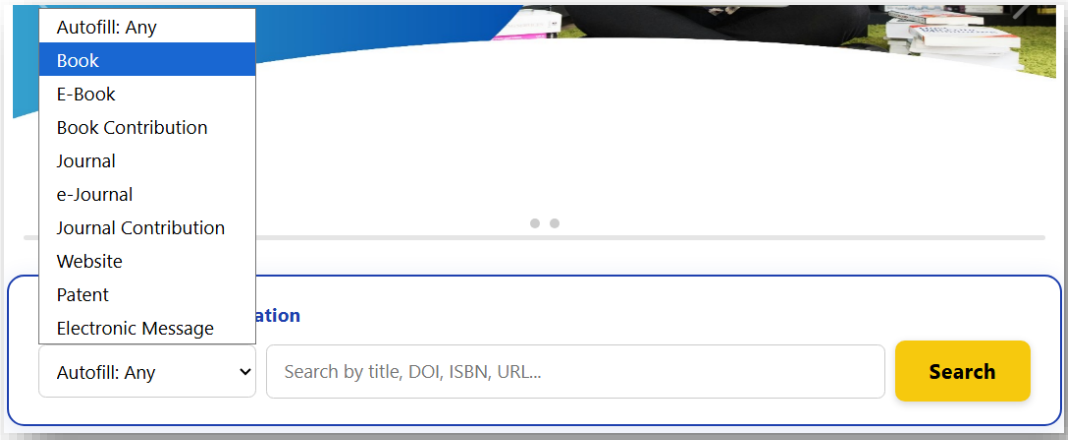
Step 3: Go to the Search and Autofill Citation search box.



Step 4: In case you want to create citation for any information source automatically, then Choose the Information Source.

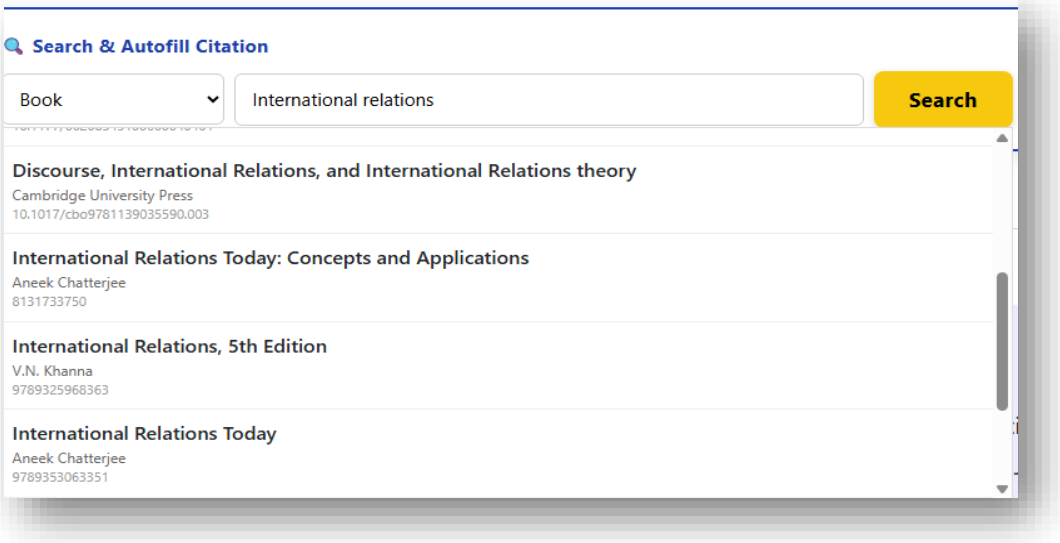


Step 5: In case we choose Book, then we have to select Book.

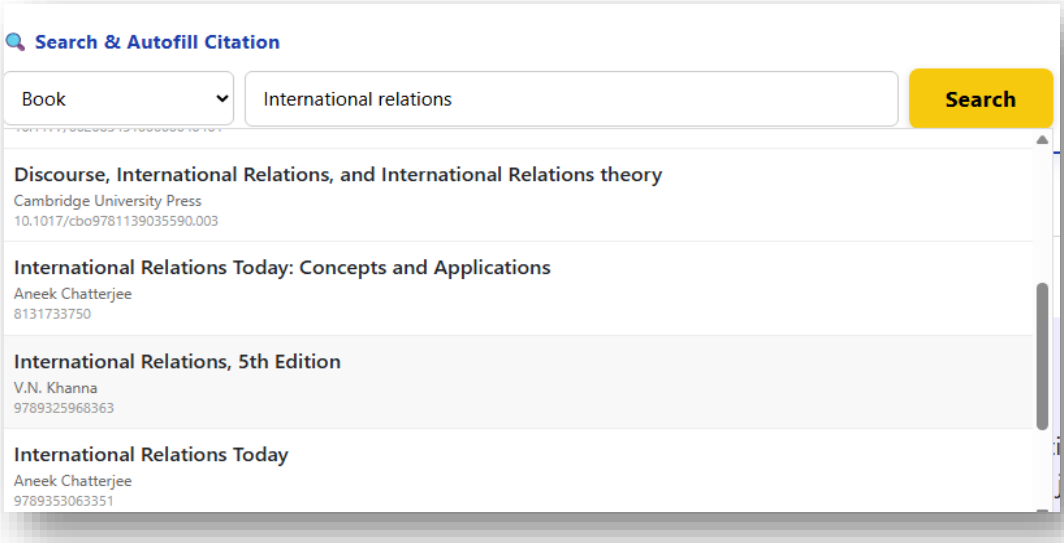


Step 6: Now, the specific title you are looking for may be entered in the search box by entering Title, DOI, ISBN, or keyword.

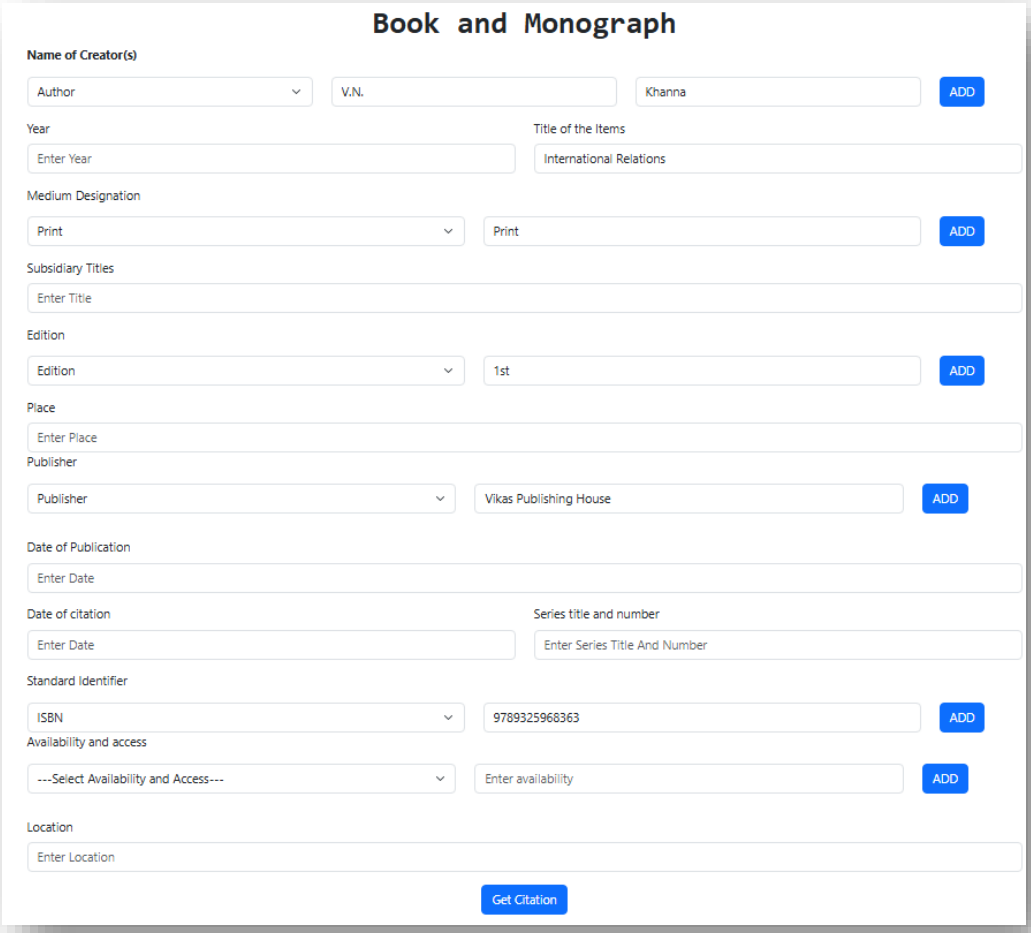
Step 7: Once you write the keyword of the book, for example, International Relations, then it will show many titles of books for you to choose from as dropdown.



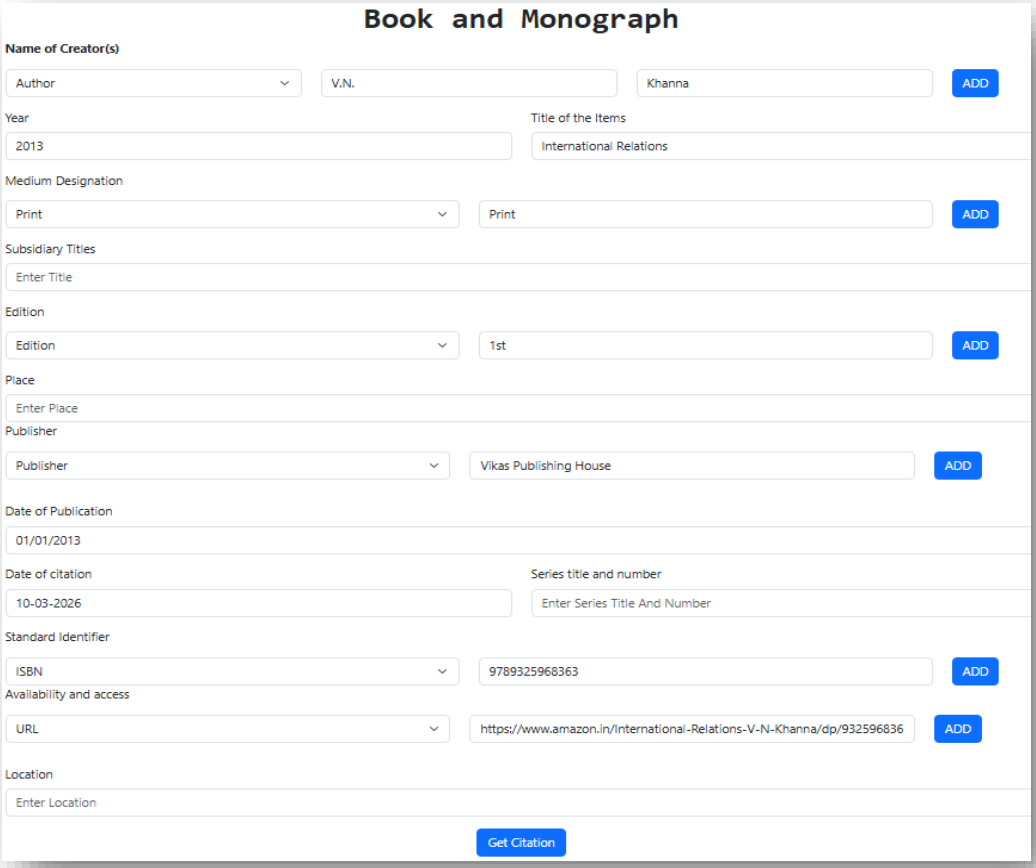
Step 8: Now choose your desired book title, for example I have selected International Relations, 5th Edition, by V. N. Khanna.



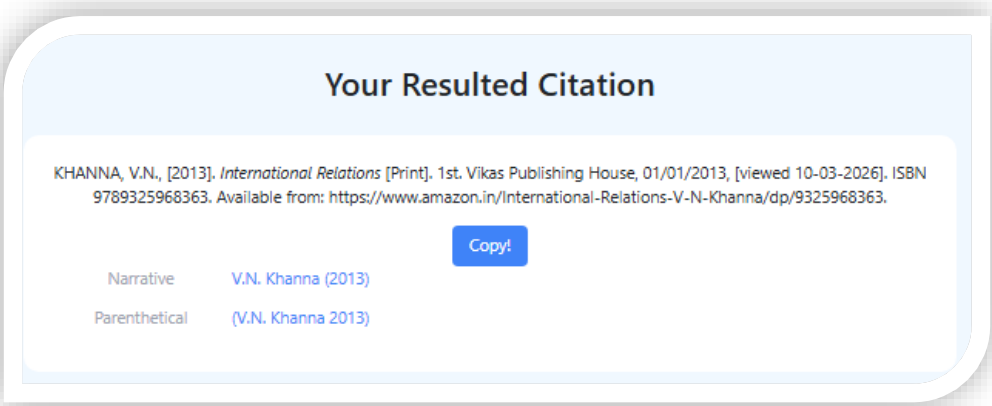
Step 9: Then the form of Book will get opened, and you will find most of the available fields be already filled.



Step 10: You may update the form by filling up left over columns of the form with that information source (Book).



Step 11: Once the form is completely filled up then you may click on Get Citation button, and you will get the result as shown below:



Step 12: Once the result is ready you may copy it and paste it to word file for further use.

Step 13: Also, In-text Citation, Narrative or Parenthetical can be copied and pasted to the Word file for further use.
